

Hot Springs High School Precalculus 4/22 – 4/26 Dr. Stockett

	Monday	Tuesday	Wednesday	Thursday	Friday
Vocabulary	Sequence, arithmetic, geometric	Partial sum, Sigma	Series.	Telescoping	Induction, well ordered sets.
Content	Common difference, common ratio. Growth.	Examples of arithmetic and geometric sequences. Calculating partial sums and manipulations with sigma notation.	The partial sums as a new sequence for a given sequence.	Specific formulae for infinite series sums.	Informally discuss intuition behind induction. Opportunity for scaffolding.
Assessment	BOW assessment		MOW assessment		EOW assessment
